

# Utility Providers' Consent Form

The purpose of a License to Encroach is 1) to determine the potential impacts of proposed encroachments into a City property, right-of-way, or easement, and 2) to execute a license agreement between the encroaching property owner and the City of Georgetown regarding the improvements to be constructed in the City property, right-of-way, or easement. When proposing to encroach into a public utility easement or right-of-way, any additional utility companies who are entitled to use the easement or right-of-way must be notified and consent to the encroachment. A list of the utility companies and each representative is included in this form for your convenience as well as signature blocks for their approvals. All applicable signature blocks must be completed by the respective utility companies prior to submittal of the License to Encroach application. A separate form is required for each property.

**Check one:**    License to Encroach into Easement       License to Encroach into Right-of-Way

**Property Information:**

Address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ Zip Code: \_\_\_\_\_

**Utility Provider Contact Information:**

Utility providers regularly change the staff responsible for reviewing requests of this type and may not service the area in which your property is located. Therefore, please contact Travis Baird, City of Georgetown Real Estate Services Manager, regarding the contact information for the appropriate utility providers in your area.
