Application Fee Schedule

The following is a summary of the City of Georgetown’s land development processing fees. The Planning Department encourages you to verify the total fees for your project prior to submitting an application by emailing planning@georgetown.org. All fractions of an acre will be rounded up to the next acre. A per lot calculation includes the total number of lots being created in a subdivision (not just buildable lots, but open space, drainage, etc.). The first acre/lot is included in the base fee for any fee requiring calculation.
