AFFIDAVIT		
My name is, and I am the owner or author representative of the property that is subject of this request to the City of Georgetown, Texas. I hereby ce under penalty of perjury the following:		
1. The Regulated Activity, as proposed, is in compliance with the City's Water Quality Best Management Practices (UDC Section 11.07.004); and		
 2. The subject property has an Occupied Site, or is located within 984 feet of an Occupied Site; and The Regulated Activity, as submitted, complies with the Federal standards in UDC Appendix A; or 		
A variance request has been submitted to the Williamson County Conservation Foundat Adaptive Management Working Group on the Federal standards outlined in UDC Append or		
The owner of property will coordinate directly with the USFWS; or		
3. The subject property is located more than 984 feet from an Occupied Site, and the Regulated Activities as submitted, complies with UDC Section 11.07. In addition,		
A Geologic Assessment was completed in accordance with UDC Section 11.07 and is made part of this development application (attached); or		
 The project, as proposed: 		
Does not meet the definition of a Regulated Activity; or		
Meets <u>all</u> of the criteria below:		
 Proposed development is Single-Family Residential or Two-Family Residential; and Subject property is located on an individual lot that is less than 5 acres; and Subdivision (to include replat) is 5 lots or less, and no more than 5 gross acres; and Subject property is located within a drainage area that is less than 64 acres. NOTE: A letter signed by an Engineer certifying the drainage area and identifying any springs on the subject property must be submitted with the required application. Thus no Geologic Assessment is required with this development application.
